

ANNOUNCING THE 2018 TECHNOLOGY AWARDS PROGRAMS

Dear ASHRAE Member:

It's that time of year when we give you the chance to brag about your engineering achievements. With this bulletin, we want to introduce you to three ASHRAE award programs that are available to you. Other engineers have used these programs to show the world that they design quality jobs that benefit their clients and advertise the quality work of their firm. *We encourage you to participate in any or all of the following awards:*

1. ASHRAE TECHNOLOGY AWARDS

This Illinois Chapter award recognizes outstanding engineering work by a member of our Chapter. Winners are requested to submit their projects to Society Regional competition; if successful, they may submit their project to the Society program. **The applicant may use the short form for the Chapter and Regional programs, but must use the full Society Technology Award form for the Society program.** A copy of either application form can be obtained from the Society web site: <http://www.ashrae.org/membership--conferences/honors--awards/technology-awards-program> [Download form(s) under "**Resources**" heading at bottom of screen.]

2. MILTON W. GARLAND COMMEMORATIVE REFRIGERATION AWARD FOR PROJECT EXCELLENCE

This award is given to the designer and owner of a non-comfort cooling refrigeration application that incorporates new technology in a unique or unusual manner. Winners are requested to submit their projects to Society Regional competition; if successful, they may submit their project to the Society program.

The chapter's eight (8)-page submittal shall be as follows: The front cover shall be the submission form.

The second 8 ½ x 11" page shall contain no more than a two-paragraph overview of the project with a brief explanation of the factors supporting the nomination.

The next four 8 ½ x 11" pages shall contain a description of the project typed in 12 point font. The page shall be double-spaced with ¾" left and right margins, and 1" top and bottom margins.

The last two pages of the project shall consist of two 8 ½ x 11" sheets containing drawings, plans, schematics, or pictures of the project which will give the judges a clear understanding of the merits of the project.

Additional information about this award may be obtained at the ASHRAE Society **web site**: <https://www.ashrae.org/society-groups/committees/milton-w--garland-commemorative-refrigeration-award-for-project-excellence>

3. REFRIGERATION COMFORT COOLING AWARD FOR PROJECT EXCELLENCE

This award is made to the designer and owner of a *comfort* cooling refrigeration application that highlights innovation and/or new technologies. Winners are requested to submit their projects to Society Regional competition; if successful, they may submit their project to the Society program.

The chapter's eight (8)-page submittal shall be as follows:

The front cover shall be the submission form.

The second 8-1/2" x 11" page shall contain no more than a two-paragraph overview of the project with a brief explanation of the factors supporting the nomination.

The next four 8-1/2" x 11" pages shall contain a description of the project typed in 12-point font. The page shall be double-spaced with 3/4" left and right margins, and 1" top and bottom margins.

The last two pages of the project shall consist of two 8-1/2" x 11" sheets containing drawings, plans, schematics, or pictures of the project which will give the judges a clear understanding of the merits of the understanding of the merits of the project.

Additional information about this award may be obtained at the ASHRAE Society **web site**: <http://www.ashrae.org/society-groups/committees/refrigeration-comfort-cooling-award-for-project-excellence>

It is possible to enter a job in the Technology Awards program as well as the Milt Garland Award Program, if the job relates to refrigeration. Also, it is possible to enter a job in the Technology Awards program as well as the Refrigeration Comfort Cooling Award Program if the job relates to comfort cooling.

Please note the following submission schedule for the awards:

- **The deadline for submittals is September 21, 2018**
- **Judging will be completed by November 12, 2018**
- **Awards will be presented at the chapter's Holiday Party on December 11, 2018**

We know that, over the years, many members have failed to enter their great projects into these Awards Programs. As a result, they have missed the opportunity to tell the world about their outstanding accomplishments. In addition, they have missed the opportunity to show their clients that they have indeed retained the services of an engineer who is recognized by his peers as one who practices innovation and creativity as well as one who provides an exemplary product. Don't procrastinate! Do the necessary paperwork and submit your awards application as soon as possible.

Please mail all Award submittals to:

Ronald W. Russell, P.E.
